TERMS: Our terms are net 30 days to firms with established credit. Interest at $\frac{1}{2}$ percent per month will be charged on past due accounts.

ORDERS: Orders are booked subject to crop failure or injury to stock, and to errors in count or estimate of grades. We will, however, make every effort to fill all orders accepted.

CLAIMS & GUARANTEE: Claims for shortages, errors or any other reason **must reach us within 10 days** after receipt of stock to receive consideration. We guarantee to ship good, healthy stock graded in accordance with AAN standards but we **do not** assume any responsibility after this stock leaves the nursery. We give no warranty, express or implied, as to life or growth, and will not in any way be responsible for results secured in transplanting this stock. We further assume no responsibility for damage to this stock from heat, cold, exposure or other causes after stock leaves nursery.

QUANTITIES: Our prices are based entirely on wholesale quantities. On long and widely assorted lists of stock, the per ten price will prevail, even if a full load of stock is ordered. Twenty (20) percent will be added to the 10 rate for less than ten of a variety. This is necessary because of the greater cost of assembling and loading such an order. Normally 30 or more plants will take the hundred rate.

SHIPPING: All stock is sold FOB our nursery at Leavenworth, Kansas and travels at the risk and expense of the purchaser. We have our own semi-trailer and can arrange delivery to you very economically. We can deliver full loads anywhere and have pool truck loads to many areas.
